Please note that you will have to buy tickets for public transport, each cost 320 HUF, you can buy a bulk ticket which is a bit cheaper, I will help you ...Many kids use public transport to get to school, some of your pupils will need a pass or some tickets, (I will check the price of the pass)

Where no prices are put means that you will be our guests

In Hungary Euro is accepted in many places, BUT I would suggest changing Forint as the changing rates are not the best ones in the restaurants and shops. I can help you in it, in case you change on your own, do not change at the airport, and change at home or in Budapest!

If you have got further questions, requests about the programmes please let me know asap.
